Governing Board Okays Minutes

The sale of \$1 million in bonds voted to finance the construction of addition facilities at Grossmont College was facilitated by the approval of the minutes of the junior college's Board of Governors' Nov. 8 meeting at a special meeting last Friday afternoon.

Harold Hughes, Grossmont Junior College District superintendent, stated that the action taken at the meeting could mean that actual construction

could start as much as 30 days sooner than if the governing board had waited until its regular December meeting to approve the November minutes.

The governing board also approved a request from the state department of education for Mrs. Mary DeNure of the college's home economics department to serve as a member of an ad hoc committee meeting in Sacramento on Nov. 30.

First, Peel the Banana

The "no-foolishness" Dairy Council of California keeps tabs on the productive mechanisms of the State's cows so that nothing done or said will stem the steady flow of lactic loveliness that quenches the thirst of million of milk buffs as it trickles from the bovine to the board.

It was quite surprising therefore, to hear from Zolita Warren, herself a lovely female animal who represents the DCC in relations of the public nature.

She had sent to each of us who bang out stories that make for happier living for the readers of our newspapers, an interesting booklet of "Tested Recipes."

She said the booklet had been "idiot proofed" as well as could be, "right down to the last comma" but she acknowledged that human judgment could err.

"We didn't know, for instance, that 'bake in a 2-quart casserole' could be construed to mean a mixing bowl that is oven-proofed" she said. Therefore, the copy now reads "a shallow 2-quart baking dish."

Let there be other misunderstandings, she added: "You'll note that I even make the point that the banana, where mentioned, should be peeled . . . but I won't go into the whys and wherefores about that one because you wouldn't believe it!"

We can just hear some food editor of a cosmopolitan daily calling Zolita and saying: "Your recipe for banana cream pie was delicious but the banana coverings were a little tough!"

Be all that as it may, you can get one of Zolita's recipe books without charge if you write her at the Dairy Council of California, 1215 "O" Street, Sacramento, California and ask her for a copy of her Neighborhood Tested Recipes.

Happy Hour In California

In a ski tavern high in the Sierras a few years ago there was a huge sign strung across the backbar. It read "Better Living Through Alcohol."

It is unlikely that this sign contributed to the condition, but alcohol drink in California has since increased dramatically. We back up this statement with figures from a report by the Bank (Continued on Page 4)

Teenager Succumbs From Accident Injury

One boy was killed and two other young people injured in two separate accidents this past week. All were taken to Grossmont Hospital in the Spring Valley ambulance.

Edward Gilbert, 16, of 10087 Casa de Oro Blvd., died Sunday of this week, after being injured Nov. 18 in a bicycle-car accident at Campo Rd. and Barcelona St.

According to the California Highway Patrol, Gilbert was west bound on Campo Rd. and collided with a car driven by Kenneth Patterson, 17, of 10281 Gaul Way, Spring Valley.

The CHP report also stated that both the driver of the car and the cyclist were making wide turns, when the accident occurred. As of this writing, funeral services for Gilbert were pending at Greenwood Mortuary.

A three-car accident on Nov. 17, at Blossom Lane and Endfield St., sent two persons to Grossmont Hospital. The Highway Patrol reported that a car driven by Vivian Dunham, 39, of 8156 Brennan St., San Diego, was going west on Blossom Lane and stopped for traffic. Another car, driven by Gerald Minet, 17, of 1879 Massachusetts St., Lemon Grove, also going west on Blossom, was behind the Dunham car. A third car, driven by Joseph Burnworth, 16, of 2039 Ensenada, Lemon Grove, ran into the rear of the second car. The Burnworth car held two passengers; Dennis Nagle, 17, of 2470 Bonita St., Lemon Grove, and Miss D. C. Saxton home at 707 Conception St., and seeped into a bedroom. Firemen did a cleanup given first aid by the SVFD job.

COMMISSIONER?—Paul Reynolds, left, inspects population map of San Diego County with Supervisor Henry Boney. Reynolds has been nominated by Boney to fill post formerly held by Casa de Oro Real Estate agent Gil Ray. The Board, Tuesday, deferred action on the nomination until next week at which time, it was said, there would be at least one other nomination for another of the five commissioners' posts.

Michael Fletcher

President Elected For Fletcher Co.

The election of Michael C. Fletcher as president of the Ed Fletcher Company has been announced by Stephen G. Fletcher, retiring president of the pioneer family-owned San Diego County land development firm.

The company, whose major development work is currently in the Fletcher Hills area, held its election at the annual meeting of stockholders this week at the King's Inn.

Michael Fletcher assumes his new position after eight years as vice president in charge of subdivision activity. He is joined in active management of the company by Roger W. Whitacre, vice president.

LG Mother Of 6 Dies In Wreck

A Lemon Grove PTA chairman, the mother of six children, died Monday night in a one-car accident on rain-swept Highway 94 at Wabash Freeway.

Barbara Fairman, 35, wife of Gordon C. Fairman, of 8326 Adams St. in Lemon Grove was pronounced dead at the scene of the accident at 9:04 p.m.

Mrs. Fairman was Carnival chairman of the Golden Avenue School PTA and was active in school affairs.

She is survived by her husband, Gordon, furniture salesman for Dryers, and six children. They are Ryan, 5; Gordon, 6; Christine, 8; Lorraine, 11; Stanley, 12, and Chairmaine, 15. Funeral arrangements had not been made at press time.

MARCH OF DIMES—Mrs. Marilyn Mitchell, a former Mrs. America winner, has been appointed Mother's March chairman for the San Diego County Chapter of the March of Dimes. Mrs. Mitchell will spearhead the annual march of thousands of mothers on Jan. 31.

Record Setting Rains Cause Flood Damage

The rain storm which damaged all of Southern California the past several days, left 3.76 inches in the Spring Valley-Lemon Grove area, local weather stations reported.

The report covered the start of the storm Saturday until readings were taken Tuesday at 7 a. m.

Rainfall totaled .05 inches Saturday; 1.13 Sunday, and 2.58 Monday-Tuesday morning.

The season rainfall since July 1, reached 7.54 when the Tuesday reading was made.

Weather stations are at local fire departments.

The storm also caused local firemen to work all night Monday to control property flooding.

In Spring Valley, firemen started with their own two stations. Both the Casa de Oro and the Troy Street stations were flooded. On Troy, a culvert was clogged and the water backed into the station.

Salvage operations were conducted at Service Hardware and Casa de Oro Drugs to divert water. They diverted water in the 1200 block of Elkton and in the Citradora-Camoni Paz areas.

In Lemon Grove, firemen were busy most of the night cleaning and pumping. Water diversion units were sent to 1777 Glencoe; 6885 San Miguel; 2149 Ensenada; 1514 Watwood; 7465 water.

McNamara's Policy Dangerous Congressman Wilson Tells MWW

Defense Secretary Robert McNamara's unilateral decisions are creating danger to the free world in East Germany, U. S. Congressman Bob Wilson told the Cajon Valley Chapter of the Military Order of World Wars.

He made the charge Wednesday evening at a regular dinner meeting of the 90-member chapter at Singing Hills Country Club.

Congressman Wilson, a member of the House Armed Services Committee, said McNamara's computer-economy reduction of manpower in the reserves had made it necessary to pull units out of Germany to meet the expanding war in Viet Nam.

"As a result," Wilson said, "the Soviet has moved up new, modern equipment all along the border and they are overflying American positions in helicopters—a thing they

have never done before."

"I expect to see another crisis soon in Berlin as the result of McNamara's policy," he said.

Wilson expressed concern that the Secretary of Defense arrives at decisions unilaterally and by computers—and overrides the Joint Chiefs of Staff in their wisdom and experience.

"We'd be better off to admit that a state of war exists in

Viet Nam and pursue that war with efficiency and energy than to try to follow McNamara's program," he said.

"Equally confusing to the world is our double standard. We prevent free world nations from trading with Cuba where the war is not hot, and allow them to transport material to North Viet Nam. The enemy cannot understand that we mean business as long as we follow this double standard policy," he said.

The meeting was held at Singing Hills Country Club. At the meeting it was announced that Cajon Valley member Col. Thomas S. Clayton (AUS ret.), of 4790 Mt. Helix Dr., was elected Vice Commander in Chief of M. O. W. W. at the group's national convention in New Orleans last month.

Col. Clayton was active in forming the Cajon Valley chapter of M. O. W. W. several years ago.

At the New Orleans meeting Cmdr. James Copley, San Diego newspaper publisher was given a national award.

Postal Tips Given By Postmaster

"Last Christmas the post office handled more mail than ever before, yet the operation was the most efficient in history."

Nationally, about 99 per cent of this mail reached its destination before Christmas Eve. Zip Code use and the cooperation of the public in mailing early were the main reasons for the success.

Faucher has advice which will help mailers prepare for the upcoming season.

1. Bring your list of addresses up to date and include ZIP Codes. The phone book is usually a good source for local addresses.
2. Prepare the gift list as soon as possible. Shop early and have on hand enough materials for wrapping.
3. Use first class postage on greeting cards. This will assure their being forwarded, if your friends has moved; or the cards will be returned to you if a return address is on the envelope.
4. Buy your stamps now before the lines form in the post office. Also mail often and avoid standing in a line with parcels.

The postmaster emphasized again this year that poorly wrapped and loosely packed cartons are the major cause of damage to parcel post. He urged that cartons be packed tightly by using a stuffing material to fill up the empty space around the merchandise.

As a last caution: be sure to write clearly on all cards, letters and parcels.

Van Deerlin Here Wednesday

Congressman Lionel V. n Deerlin, home from Washington for a brief visit, will visit the office of this newspaper Wednesday at 3:30 p.m.

He invites friends and constituents to meet with him here during a 45-minute stop.

The office is at 7834 Lester Ave., Lemon Grove.

Shopper Coming

Our annual Christmas Shopping Edition will be distributed next week. Nearly every family in the Lemon Grove-Spring Valley area will receive a copy.

Homestead merchants are coordinating their efforts to show that variety and bargains are available right here at home.

The edition will be in the form of a colorful tabloid section folded into the regular issue of the newspaper.

Watch for your copy Thursday, Dec. 2.

Copy Machines Rejected By L.G. School District

The Lemon Grove school district is rejecting eight thermal copying machines "because they don't function as advertised" Byron Netzel, superintendent told the L. G. School Board Monday night.

The machines, one for each school, would not reproduce the forms for which the machines were purchased two months ago. They are distributed by a nationally-known firm.

Involved is \$3,000, the cost of the machines. Other machines are available that will do the work the district requires, Netzel said.

CJC Art Department To Fill Art Show

The Grossmont College Art Department will sponsor a one-man show by San Diego painter John Dawson from Nov. 29 through Dec. 11, in the college library foyer.

The show will open on Monday evening at 8 p.m. by Rudy Turk, assistant director of the Fine Arts Gallery, San Diego. Turk will speak on "Time, Space and the Twentieth Century." John Dawson, a San Diegoan, attended San Diego State College and was graduated from the Art Center School in Los Angeles. He has studied with Lorser Fietelson and John Alton. He is presently vice president of the San Diego Art Guild.

Sen. Goldwater Due At S.D. Convention

Senator Barry M. Goldwater will be the featured speaker at the Second Annual San Diego County Historical Convention. The Senator, who has long been an avid student of history, and founder and chairman of the board of the Arizona Historical Foundation, will speak on the relationship of peoples in Arizona and San Diego when Old Town was the central community.

The Convention is to be held at the Hotel del Coronado, Jan. 13, 14, and 15, 1966. Those interested in attending the Convention at the Hotel may send a postcard to P. O. Box 10571, San Diego 92110, and in early December, preliminary programs will be mailed.

APPLIANCE SHOW—Claudia Hoffman (left), Miss Spring Valley, and Miss Lemon Grove, Diane Wyatt, inspect a Swiss-made, all-purpose kitchen appliance. The appliance will be one of many on display starting Nov. 26 at the Community Concourse in San Diego during the 1966 Electrical and Home Appliance show. The free show will end Dec. 1.

Electric Appliance Show To Start Friday Night

The 32nd Annual Electrical and Home Appliance Show will be held, free to the public, in the Community Concourse in San Diego beginning Friday, Dec. 1. The show is sponsored by the Bureau of Home Appliances.

The show will open at 6 p.m. Friday and at 7 p.m. there will be a colorful ceremony in the adjoining patio, at which the Christmas lights in the area will be lighted, with Mayor Curran and Santa Claus participating. Christmas carols will be sung by the 80-voice San Diego High School Choir.

The show will be open thereafter from noon until 10 p.m. through Dec. 1.

A major feature of the show will be what is believed to be the world's largest collection of ancient irons and antique washing machines, owned by A. H. Glissman, of Carlsbad, a former playing them back later.

businessman of Vista, who is now retired. One of the oldest washing machines was powered by a goat pacing a treadmill, which in turn was attached to a pitman bar, which in turn powered the machine.

More than a hundred exhibits of the latest gas and electric home appliances will be on display including freezers, refrigerators, portable fireplaces, therapeutic appliances, washers, ranges, small appliances of all types, dishwashers, vacuum cleaners, hobby tools, electric door openers, radio, stereo, television sets and others. There will be 16 makes of color TV sets on display.

In addition, there will be an all purpose kitchen appliance, made in Switzerland, and another first, the Ampex home video tape recorder for making your own TV programs and playing them back later.

by Mary D. Giacinto

Charlene Viereck and co-leader Sibyl Carlson can be proud of their Brownie Troop No. 4 for their performance in the impressive Flag Ceremony which marked the opening of the Mt. Vernon PTA meeting. After president Mrs. Pontazopoulos dispensed with important business, the floor was given to Anness Stellmar for the delightful fashion show she had planned. Not only the small fry from the school modeled clothes sewed or designed by their mothers, but sixth grade students also modeled their own dresses they had themselves sewn. Mothers and teachers too displayed beautifully made suits, casual, vel-

Glenn E. Murdock, school district superintendent, encouraged and assisted the campaign which was conducted by representatives in each of the nine elementary and junior high schools in the district.

Christian Science Slates Thanksgiving Day Service

The traditional Thanksgiving Day service of Lemon Grove Society, Pacific Ave., Lemon Grove, will take place at 10:30 Thursday morning. Friends, neighbors, and the public are especially invited.

This annual service is distinctive for its concluding testimony period when any Christian Scientist in the congregation may rise to his feet and openly express his individual thanks to God for blessings received.

A hymn and reading of the President's national Thanksgiving Day proclamation will open the service, followed by Scripture selections, prayer, and a Lesson-Sermon on "Thanksgiving" taken from the Bible and from "Science and Health with Key to the Scriptures."

This year's Thanksgiving readings include Jesus' well-known injunction, as recorded by Matthew: "Seek ye first the

Clergyman Asked To Express Thanks

More than 2,500 clergymen of Southern California have been asked to express gratitude on Thanksgiving Day for the wisdom of public officials who years ago provided works to supply the water need of 10,000,000 residents of this area. Natural rainfall is enough for only half that number.

Suggestion of praising water as a blessing was distributed to clergymen through the Councils of Churches of Southern California at the request of the Colorado River Association.

Family Service
Foothills Methodist Church will have a family Thanksgiving service on Thursday, from 10 to 10:45 a.m. A family choir will sing and the message will be given by Rev. Floyd Zerbe, pastor.

Trinity Presbyterian To Lose Both Pastors

Trinity Presbyterian Church of Spring Valley is to lose both its pastor and associate pastor at the same time. This Sunday will be the last for pastor Rev. Keith A. Mitchell and assistant pastor Rev. John A. Baxter.

Rev. Mitchell has accepted a call to serve in the Greater Parish Ministry, a new project of the United Presbyterian Church in San Diego.

As associate for parish ministries, he will be giving assistance to three churches in southeast San Diego, developing a program relevant to community need.

Aids Project

Rev. Mitchell has been chairman of the Urban Committee of San Diego of the Los Angeles Presbytery for four years and has aided in developing the Greater Parish project. He feels that the United Presbyterian Church, nation-wide, will be looking to San Diego in an attempt to see what can develop in the new approach to inner-city ministry.

Rev. Baxter came to this area eight years ago from North Carolina where he was pastor of Riceville Presbyterian Church Asheville. He served as both assistant and associate pastor of Trinity before taking over his present position.

Rev. Baxter will report to the Third Marine Air Wing at El Toro Marine Base Dec. 1 for assignment as a chaplain.

He has been active in the Naval Reserve for twenty years and was recently promoted to Lieutenant Commander. It will be the third time he has volunteered for service for his country.

He previously served at age 17 during World War II and also when he completed Princeton Theological Seminary in 1954. He was chaplain of Destroyer Squadron Ten during the latter period of service.

Rev. Baxter came to Trinity five years ago from Turn-of-River Presbyterian Church in Stamford, Conn., where he served as pastor for four years.

Maintain Homes

Rev. Baxter and Rev. Mitchell will maintain their homes in Spring Valley and their families will continue to be active in the community.

Trinity will be temporarily without an official pastor is the pulpit and will have guest ministers until a new one is selected.

'Inherit The Wind' Set For Old Globe Theatre

A national controversy is the center of a stirring drama opening Nov. 30 at the Old Globe Theatre. "Inherit the Wind," by Jerome Lawrence and Robert E. Lee, will be staged for a limited three week engagement.

An emotional prejudice encompassed the entire nation during the famed Scopes "monkey trial" in Tennessee in 1925. "Inherit the Wind" is a fictionalized dramatization of this compelling courtroom battle.

An idealistic school teacher challenges a law which prohibits teaching the precepts of Charles Darwin. The law decrees that Darwin's theories contradict the Bible and are wrong.

The young teacher is brought to trial. He expresses his belief that every person should have the right to think for himself. A clash of two strong personalities develops as a noted political hero and religious fundamentalist opposes the tactics of a famed criminal attorney.

Leading roles in the Old Globe Theatre production of "Inherit the Wind" will be played by

John Ellsworth as the politician and orator and Sheldon Gero as the defense attorney. Michael Miller is the school teacher and center of the struggle, with Jacqueline Groth as his girl friend. Her father, the town's religious leader, is played by C. Edward Smith. Louise White is the devoted wife of the national political hero. Noel Kelly plays the role of a sardonic newspaper reporter commenting on the developments in the southern community. Chuck Buckles of Lemon Grove handles the role of court bailiff. A supporting cast of thirty actors and actresses appear as townspeople and visitors to the southern town.

Performances of "Inherit the Wind" will be nightly except Monday, with matinees on Dec. 5 and 12. Producing director Craig Noel has staged the drama on the Old Globe Theatre stage. Scenery and costumes are designed by Peggy Kellner.

Clothesmaking Classes Planned

A class in clothesmaking and alterations will be conducted at Lemon Grove VFW Hall, 2885 Imperial Ave., starting in January.

The class will be useful for beginners as well as advanced students.

Training is under the sponsorship of Grossmont Adult School and tuition is \$1 a year. Mrs. Leone Moore, former operator of Lemon Grove Yardage, will be instructor.

Other details concerning the program may be obtained from the Grossmont Adult School headquarters by calling 465-3131.

Postal Women Plan Dance

The La Mesa Post Office Auxiliary is sponsoring an "Autumn Leaves" dance Saturday at 8 p.m. at the American Legion Hall, 8118 University Ave., La Mesa.

Dance tickets are \$1.50. Arrangements for getting them may be made by calling 444-1814.

of America's Economic Research Department.

In effect, though not actually, the department suggests "If you're not drinking two gallons of booze a year, you're not drinking your fair share."

California drinkers swilled 35.7 million gallons of hard liquor last year. This amounted to 1.97 gallons a person. That figure is misleadingly small because it includes non-adult drinkers with adult drinkers. The Department didn't explain non-adults, so we assume them to be juvenile with no suggestions as to how they get their booze. We also assume that these drinkers "fair share" is 47 of a gallon less than that of an adult because in a breakdown of figures "adults only" was shown to have guzzled an average of 2.44 gallons.

That would put juveniles in the 1.30 gallons a year category. Nationally, the average was 1.47 gallons, a little more than a quart less than Californians drink. This totaled a gargantuan 276 million gallons. We've known fishing lakes with less fluid than that.

It is interesting, if not surprising, that gin and vodka have recently achieved a popularity hitherto unknown. Scotchies are becoming so popular that they are now considered the "drinks of the masses" while better priced Bourbons and straight sour mashes are becoming the new "prestige" drinks.

By comparison, consumption was highest in 1946 and when 2 1/2 gallons were drunk by each adult. In 1949 they drank only 1 1/4 gallons.

Drinking, they say, is both exhilarating and tranquilizing. It has also been called both good and evil.

If your point of view is tilted just right, a drunk-driving citation could be called a Bourbon buff's badge of service.

Men's Club Meeting Cancelled

The Lemon Grove Men's Club will not be meeting this week.

The normal Friday afternoon luncheon at Michael's Restaurant has been cancelled due to Thanksgiving preceeding the meeting date.

In last week's meeting, Second District Supervisor Henry Boney held a general question and answer discussion with men's club members.

Boney included comments on the economic situation of the county, the possible placement of an atomic energy plant in the county and the correction institution, which is planned for the Otay Mesa area.

Robert Ek Sr. Elected As YR Club President

Robert D. Ek Sr. was elected president of the Lemon Grove Young Republicans for 1966 at that club's November meeting Nov. 15.

Other officers elected for the coming year were first vice president Dr. Ed Grubbs, second vice president Bonnie Dethman, secretary Marcine Grubbs and club treasurer John Weld.

The club is inviting all interested Republicans between 18 and 40 to come to its next meeting, which will be held Monday evening, Dec. 20, at 7:30 at the Lemon Grove Medical Group building, 3240 Main St.

The November meeting was the suggestion of changing the club's name to the Lemon Grove-Spring Valley Young Republicans Club. This was suggested because of the increased membership from Spring Valley and because of the absence of a YR club there.

The club is inviting all interested Republicans between 18 and 40 to come to its next meeting, which will be held Monday evening, Dec. 20, at 7:30 at the Lemon Grove Medical Group building, 3240 Main St.

County To Receive Funds For Road Construction

A total of \$12,595, \$85 in State and Federal funds has been apportioned to California counties for the construction of county roads included in the Federal Aid Secondary (FAS) System. It has been announced by the State Department of Public Works.

The allocation is for the 1966-67 fiscal year. It includes \$8,513,326 in Federal monies and \$4,082,479 in State matching funds.

San Diego County's share for 1966-67 amounts to \$425,402, of which \$325,402 is Federal money and \$100,000 from the State Highway Budget.

Federal funds for county roads and State matching monies are made available to the counties according to State law.

Federal funds are apportioned by the Department to counties according to a formula used by the Federal government in distributing FAS funds to the 50 states. Three factors of equal weight—area, rural population, and the mileage of certain classes of mail routes—determine the amount provided for each county.

State monies are used by counties in lieu of local funds in matching Federal cash on a 60-40 basis with the Federal government providing the major portion.

According to State law, \$100,000 is the maximum State allocation of funds to any one county within a fiscal year. The \$100,000 ceiling will this year permit 33 of 57 eligible counties to match the entire Federal allocation with funds provided by the State, with the exception of small amounts required from County funds to finance contingencies and engineering.

Under State law, the City and County of San Francisco is not eligible for FAS funds.

County roads on which FAS funds may be spent are those which have been designated by the county as constituting that county's FAS system.

LETTERS TO THE EDITOR

Dear Editor:

If you publish this, please omit my name, I don't want any reprisals.

Week after week when I have shopped at the various shopping centers—Lomita Village, Spring Valley, College Grove mostly—I have been appalled at the lack of safety practiced by the drivers.

Even with arrows marking the direction of aisles on the road, cars zoom wherever they want and if you mention about the wrong direction, even with a smile, you get an insulting reply.

Some centers have a "STOP" sign wherever there is an intersection on the parking lot. These are completely ignored.

I can't recall how many near calls I have seen and had—children darting out, others on bicycles, other cars—they seem to pay no attention whatever to safety nor courtesy.

They don't even look before they career around a corner or speed across a "STOP" sign. Even with parking lines indicating where a car should go and with double lines, innumerable cars park over the marked lines, making it well nigh impossible for another car to pull in.

It seems to me something can be done to stop this senseless driving before someone is seriously hurt. How it has been avoided so far, I can't imagine.

ON THE LOOSE — Monte Vista quarterback Clayton Maki (18) attempts to evade Mount Miguel tacklers Gary Cooper (70) and Mike Robinson (54). No. 33 for Monte Vista is John Mustol. The Monarchs were beaten by Miguel, 27-6, in the season-ending game for both clubs.

Monte Vista Wins Titles

Monte Vista High's harriers made it a clean sweep in dual meet competition for the year when they won the varsity, junior varsity and fresh races with Mount Miguel's Matadors last Friday in a regular-season ending cross-country event.

The Monarchs won the varsity with a perfect score of 15 while rolling to easy victories in the other two races.

In the varsity competition, Don Olsen, one of several fine juniors, toured the Monarch course in 10:17.5 to finish first. He was followed by teammate Rodney Stephens, who clocked 10:35.

The next four runners were Monarchs before Mount Miguel's Bill Hamill (10:55) broke the string. Matador Arnold Leyva finished right in back of Hamill and teammate Tom Westrup rounded out the top 10.

In the jayvees, Danny Matheny of Monte Vista guided his club to a 21-36 victory with an 11:16 effort.

Miguel's John Schetting was second to Danny Matheny at 11:20.

In the freshman ranks, David Carter of Monte Vista won in an even nine minutes followed by Monarch Wayne Comfort at 9:05. Ron Tilero of Miguel was third at 9:11. Monte Vista came

out on top, 22-37.

Monte Vista High runners finished with a perfect 25-0 record this year in dual meets, including 21 Grossmont League wins. All three teams won their respective loop championships.

Both Monte Vista and Mount Miguel were entered in this Wednesday's scheduled San Diego CIF Prelims at Morley Field in San Diego.

SD Chargers To Entertain Buffalo Bills

The San Diego Chargers vs. the Buffalo Bills is the exciting Thanksgiving Day menu at Balboa Stadium Thursday. Kickoff is 1:30 p.m.

More than 30,000 football gourmets and a nation-wide television audience will view the Turkey Day renewal of what has become the American Football League's keenest rivalry.

The series between the Chargers and Bills stands at 6-6, and their last three battles have been of classic magnitude.

One year ago, a record San Diego crowd of 34,865 watched Pete Gogolak kick a 33-yard field goal with three seconds remaining to give Buffalo a 27-24 heartthrob victory. The Bills triumphed again, 20-7, in the Championship Game at Buffalo last December. But the Chargers gained a measure of revenge this season with a smashing 34-3 conquest at Buffalo.

Thursday's game could be a preview to another championship confrontation between the teams. With four games remaining, Buffalo (8-2) is a cinch to capture the Eastern Division while San Diego (6-2-2) is leading in its bid for a fifth Western Division title in six years.

Golf Tournament Slated Friday

The annual Paul Runyan Junior Golf Invitational Championship sponsored by the La Jolla Kiwanis Club, La Jolla Country Club and the La Jolla Beach and Tennis Club will be held on Friday, Nov. 26.

This tournament honors La Jolla Paul Runyan, affectionately known as "Little Poison," a title which is engraved on the champions trophies.

The 13-17 years olds will compete on the La Jolla Country Club fairways while the 12 and under boys and girls will be playing at the Spindrift Golf Course, L. J. Beach and Tennis Club.

Rich Ward, San Diego County Amateur Golf Champion and now attending State College won this event last year but has graduated from junior golf as has Ann Wilson, who is now attending Grossmont College.

An unique feature of this event is the simultaneous "shot-gun" start for the juniors who will be playing 18 holes at La Jolla C. C., a method which all participants and their committees enjoy very much.

Miguel Tops Monte Vista

Speedy Daine Demaree scored three times, once on a 77-yard run, to pace Mount Miguel's Matadors to a 27-6 victory in the season finale for the two clubs last Friday night.

Demaree's efforts enabled the 160-pound senior to finish in a tie for the Grossmont League individual scoring championship. He ended with 10 touchdowns for 60 points, which knotted him with El Capitan's Richard Mates and Granite Hills' Walter Weir.

Demaree also scored from two yards out and from the seven-yard line.

All three scores came in the first half as Mount Miguel piled up a 20-6 advantage.

Monte Vista's lone score came in the second period on a five-yard run by Jeff Yaddow.

The Matadors scored again in the third period. Quarterback Jim Bauer drove one yard for the touchdown.

Wilfried Huelsemann, the Mount Miguel foreign exchange student from Germany, booted

three placements to tack on three more points for the Matadors.

Both clubs were scoreless in the final period. The win enabled Miguel to place third in the final league standings. Coach Perry Miller's Matadors were 4-2-1 for loop action and 5-2-1 overall.

Max McCartney's Monarchs failed to win a league game and were 1-7 for the year.

Statistically, Mount Miguel was first in offense in the league with 167 points in eight games for a 20.8 average per game. The Matadors gave up an average of 11.8 points per game to rate fourth among the eight-team circuit.

Monte Vista scored only 51 points all year for an average of 6.3. Defensively, Monte Vista gave up an average of 19.8 points per game, the seventh best mark.

Mount Miguel fullback Wally Johnson also finished among the top 10 in scoring, gaining 33 points for fifth position.

Grossmont Cagers Beaten By Alumni

A strong alumni team spoiled new coach Bill Gillespie's debut last Saturday as they knocked off the Griffins, 73-67, despite Paul Landis' 23 point effort. The alumni were led by Bob Lundgren's 19 points and Sam Thomas' 14 counters.

The Griffins next appearance will be this Saturday as they oppose the Naval Training Center beginning at 8 p.m. in the NTC gym.

The alumni led throughout the game, but saw a 19 point lead all but disappear as the Griffins rallied in the last 4 minutes, coming as close as 4 points with 51 seconds remaining in the contest.

Mrs Chet Harritt To Fill Vacancy

The Grossmont College Development Foundation, in their meeting last Wednesday evening at Grossmont College, chose Mrs. C. F. Harritt of San Diego to fill the vacancy of the Board of Trustees, created by the death of her husband, "Chet" Harritt. In other action taken, the Board of Trustees affirmed its support and endorsement of the Action Committee for the Grossmont College-Community Auditorium.

A letter from Assemblyman Clair Burgener to Dr. Samuel Sloan, Lakeside, vice president of the Foundation, was read to the group. Assemblyman Burgener stated in his letter that he would do everything within his capacity to aid and assist the foundation in its efforts to obtain funds for the Community auditorium at Grossmont College. To implement this, Assemblyman Burgener has provided personnel to search the files in the State Registry of Charitable Trusts, Sacramento, for prospective charitable foundations to which Grossmont College may apply for funds.

O. W. "Bud" Miller, La Mesa, Foundation Treasurer, reported a cash balance of \$9176.78, and \$1800.00 in outstanding pledges. Miller also reported that the three acres of land donated to the college through the auspices of Community Concert Association was valued at \$13,200 which accounts for approximately \$24,000 of the \$300,000 needed to complete the college-community auditorium.

Members attending this meeting were: Frank A. Engfelt, Fletcher Hills, president; Dr. Samuel S. Sloan, Lakeside, vice

Benefit Dinner Set At Mount Miguel To Aid Girls Ensemble's Mexican Tour

Ladies, does your family greet you with cries of "How about something different for dinner?" Give them that something different and yourself too—bring them to a benefit dinner at Mount Miguel High School on Dec. 2. That is the suggestion of Girls' Ensemble.

Sponsored by the Lemon Grove Kiwanis, the dinner proceeds will help to add funds to the treasury of the Girls' Ensemble for their tour of Mexico. Sam Pernicano, a Kiwanis member, will prepare and serve the dinner: macaroni, salad, buttered rolls, and punch and coffee. Tickets will be \$1 for the benefit scheduled in the school cafeteria from 5-7:30 p.m. Mount Miguel's Music Department will provide the entertainment.

Girls who will make the Dec. 16-24 trip have been especially selected by audition on the basis of their musical talent, training, and scholarship, as well as personal qualifications of moral excellence, responsibility, and social maturity.

Born eight years ago, the Girls' Ensemble has become recognized as one of the outstanding ensembles of Southern California. Together with the Mount Miguel Concert Choir, the Ensemble has given four concerts in Tecate and Ensenada, Baja

California, furthering the school's program of cultural, social, and educational exchange with Mexico, in particular.

Founder-director Robert Boucher is a music major graduate of Whittier College who has been in music education for 16 years.

The itinerary for the group will include a concert on Dec. 16 (the day of their departure)

Continuation School Girls In Marine Aid

The forty-three girls attending Grossmont Continuation have chosen "Operation Christmas" as one of their service projects for the year. Packages were delivered in mid-November to the Marine Corp Recruit Depot in San Diego where they were forwarded to the Far East.

Candy, fruit cakes, cookies, popcorn balls, nuts, and candy canes have carefully been packed in heavy foil and placed in daily-decorated metal containers. The girls included Christmas cards, notes, or other personal touches to the Viet Nam-bound parcels.

The Girls' League is also collecting food to be given to the less fortunate at Thanksgiving. Several turkeys as well as 150 items of boxed and canned foods have already been donated.

When asked their opinion regarding the Viet Nam conflict, most girls agreed that "war in my form is ugly, but at times necessary, to protect our way of life. If 'Viet Nams' were allowed to spread, communist influence would soon be able to easily control even the United States."

Forest Fire Danger Reduced

Stanley R. Stevenson, supervisor of the Cleveland National Forest, has announced that recent rains have resulted in reducing the inflammability of forest fuels and has ended the current fire season in the Cleveland National Forest.

Stevenson also announced that those areas of the Cleveland National Forest, which have been closed to public entry under Federal Regulation T-1, Section 1, are now officially open to the public.

Stevenson stated that smoking is permitted in safe locations within the Cleveland National Forest. He stressed, however, that Campfire Permits are required year 'round in the Cleveland National Forest. Fire prevention technicians are on duty Monday through Friday at most stations in the Forest to issue campfire and burning permits upon request.

He also stated that fire conditions are possible on watershed areas at any time of the year and requested Forest visitors and users to continue to be cautious in using fire. Santa Ana winds may occur and create a serious fire hazard within a short time.

The San Francisco Regional Office of the General Services Administration has announced the award of a contract for the removal of 44 buildings of frame construction from the Preble-Sachem Navy Housing Area in San Diego. The contract was awarded to Kieth R. Mattox of El Cajon.

If You Know The Keys You Know Spanish

The SPEED SPEECH system is the newest and quickest way now available in the teaching of Spanish. The new method, which was devised by William Archer, teaches you several easy to learn "magic keys" which unlock the language for you. Thousands have learned Spanish the SPEED SPEECH way. You can too. "Never has it taken me longer than ten minutes to teach adolescents or adults to make complex sentences in Spanish or French as quickly as they could in English," said Archer, creator of SPEED SPEECH. You are able to think in Spanish. It surely is easy the SPEED SPEECH way, and it is guaranteed to work!

The creator of SPEED SPEECH, William Archer, has strong feelings about the importance of knowing several languages in our ever-shrinking world. The jet age has broken the transportation barrier, but a rapid way had to be devised to enable the peoples of the world to communicate. SPEED SPEECH is the answer because you can learn any language on earth with just 24 hours of study.

Spanish SPEED SPEECH is available only through this newspaper. Since it is being offered as a public service to our

readers and by special agreement with the publisher, we are able to give you the course at a \$6.00 savings (course regularly sells for \$14.95).

Send in your order today and you will be on your way to the romance of a new language.

Here is today's lesson:

English I want to build Spanish Quiero construir English I am going to serve Spanish Voy a servir Sound Voy-a-sair-vear English I terminated Spanish Fui a terminer Sound Foo-e-ah/tare-me-nahr

Notice how the infinitive of any verbs fit these keys. Now just attach these keys to any verb infinitive and you can say I want to swim, dance, eat, play, walk, help, put, serve, celebrate, occupy, etc. I am going to, I am going to, I left, I played, etc. Never try to memorize a word. Use it in a sentence and associate it with some one or something you already know. Take the verb terminer, to finish or terminate, is almost the same as the English verb. Take the verb to build, or to construct, "construir" (cone-strue-ear) and compare it to the English verb to construct and use it in a sentence, viz.—I want to build, I am going to build, I built.
